

What's it all about?

University meets University of Applied Sciences, science meets Bundeswehr, administration meets start-ups, practice meets theory: For more than 50 years, the University of the Bundeswehr Munich has united various fields of tension on its green and lively campus. We are unique in our diversity.

We want to showcase this diversity. UniBw M therefore supports projects that enrich our campus culture and strengthen the sense of unity and togetherness on campus!

Eligible for funding:

- ➔ **Events and campaigns**
e.g. exhibitions, action days, guest lectures, media projects
- ➔ **Art and infrastructure projects**
e.g. installations, campus design
- ➔ **Exchange formats to promote cooperation between the individual areas**
e.g. the transfer between administration, research, and military
- ➔ **Science & research projects**

The funded project is intended to create a benefit for UniBw M and its members.

Excluded from funding: social events without reference to diversity or a sense of togetherness.
